

LIFETIME ACHIEVEMENT AWARD

In most of our communities, there live/have lived those elderly trappers who have had long and honourable trapping careers. Many have made significant contributions to the cause and the continuation of trapping, sometimes without even realizing it themselves. They may have been especially productive trappers, they may have been premier fur handlers, they may have been long-time members of trapping organizations, and they may have mentored younger trappers throughout their careers. In short, their trapping careers, when taken as a whole, may have benefited and served as an inspiration to many. The Ontario Fur Managers Federation has established a LIFETIME ACHIEVEMENT AWARD to honour just such individuals. Recommendations are now being accepted for candidates for this award. If you know of a deserving recipient, please complete the attached candidate information form and return to the OFMF office by the deadline, **July 15, 2020**. The LIFETIME ACHIEVEMENT AWARD will be presented at the 2020 OFMF Convention in Sioux Lookout, ON.
